- Great considering remote learning
- Dawei is great!
- He does his best!
- very nice!
- I believe that this quarter was hard for everyone but I appreciated this discussion section because he really made an effort to teach us the material. For me Bus104 was all brand new material so the posting of the discussion recordings was really useful for me to go back and see what you did. Overall one of the best TA's I have had at UCR, thank you!
